Malaria is a dangerous disease

## Prof Robin Green

Prof Green is Professor in en Hoof van die Departement Pediatrie en Kindergesondheid in die Fakulteit Gesondheidswetenskappe. Hy is ook die Direkteur van Pediatriese Pulmonologie en Pediatriese Intensiewe Sorg in die Steve Biko Akademiese Hospitaal.

Prof Green is deur portuurbeoordeling verkies tot lid van die American College of Chest Physicians, genoot van die American Academy of Allergy and Immunology en genoot van die Royal College of Physicians.

Hy is die outeur van 37 en mede-outeur van 21 portuurbeoordeelde publikasies en outeur van 45 gepubliseerde abstrakte. Hy was redakteur van 'n boek, het vier hoofstukke van boeke bygedra, was die outeur van 101 nie-portuurbeoordeelde publikasies en het 39 plaaslike en 13 internasionale plakkaataanbiedings voorberei.

Prof Green is sedert 2008 raadslid van die Kollege van Pediatrie van Suid-Afrika en is vanjaar verkies tot President van die Kollege (van 2011 tot 2014). Hy is Hoof van die hersieningskomitee vir subspesialisering van die Kollege. Hy is ook 'n Senator van die Kolleges van Geneeskunde van Suid-Afrika (CMSA).

Hy dien op die dagbesture van die Suid-Afrikaanse Toraks-vereniging (SATS), die Allergievereniging van Suid-Afrika (ALLSA) en die Nasionale Opvoedingsprogram vir Asma (NAEP) en is ook voormalige Voorsitter van laasgenoemde. Hy het 'n C3-gradering van die NNS.

---

Prof Green is a Professor in and Head of the Department of Paediatrics and Child Health in the Faculty of Health Sciences. He is the Director of Paediatrics and Child Health and Director of Paediatric Pulmonology and Paediatric Intensive Care at the Steve Biko Academic Hospital.

Prof Green was elected (by peer-review) to membership of the American College of Chest Physicians, fellowship of the American Academy of Allergy and Immunology and fellowship of the Royal College of Physicians.

He has first-authored 37 and co-authored 21 peer-reviewed publications, and wrote 45 published abstracts. He has edited a book, written four book chapters and 101 non-peer reviewed publications, and prepared 39 local poster presentations and 13 international presentations.

Prof Green has been a Councillor of the College of Paediatrics of South Africa 2009 and was elected President of the College for the period 2011 to 2014, and appointed Head of the sub-specialisation review committee. He is a Senator of the Colleges of Medicine of South Africa.

He is a member of the executive committees of the South African Thoracic Society, the Allergy Society of South Africa and the National Asthma Education Programme (as well as previous Chairman of the latter). He has a C3-rating from the NRF.

---
