

University of Pretoria Yearbook 2025

BScHons *Chemistry* (02240123)

Department Chemistry

Minimum duration of study 1 year

Total credits 135

NQF level 08

Admission requirements

1. Relevant BSc degree
2. A weighted average of at least 60% for chemistry modules at final-year level

Note: Additional modules may be required in order to reach the desired level of competency

Curriculum: Final year

Minimum credits: 135

Students must choose any two of the three research modules: CMY 718, CMY 719, CMY 731.

Core modules

Research: Organic/inorganic project 718 (CMY 718) - Credits: 20.00

Research: Physical/analytical project 719 (CMY 719) - Credits: 20.00

Advanced practical techniques 730 (CMY 730) - Credits: 15.00

Research: Chemistry education 731 (CMY 731) - Credits: 20.00

Analytical chemistry 743 (CMY 743) - Credits: 15.00

Organic chemistry 744 (CMY 744) - Credits: 15.00

Inorganic chemistry 745 (CMY 745) - Credits: 15.00

Physical chemistry 746 (CMY 746) - Credits: 15.00

Advanced applied chemistry 747 (CMY 747) - Credits: 20.00

General Academic Regulations and Student Rules

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
