

University of Pretoria Yearbook 2016

Analytical chemistry A 706 (CMY 706)

Qualification Postgraduate

Faculty of Natural and Agricultural Sciences

Module credits 10.00

Programmes BScHons Chemistry

Contact time 6 lectures per week for 4 weeks, 1 discussion class per week for 4 weeks

Language of tuition English

Academic organisation Chemistry

Period of presentation Semester 1 or Semester 2

Module content

Selected aspects of:

Sources, analysers, detectors, isotope ratios, accurate mass, ion fragmentation, tandem mass spectrometry.

Chromatography: theory and instrumentation of gas, liquid and supercritical fluid chromatography, multidimensional systems and coupling to mass spectrometry.

The information published here is subject to change and may be amended after the publication of this information. The General Regulations (G Regulations) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the General Rules section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
