### **Class attendance**

The teacher education programmes of the Faculty of Education have been approved and accredited by the Department of Education. Due to the fact that the Faculty places high emphasis on the development of skills and competences, class attendance is compulsory for all student teachers for the full duration of the training period specified by SAQA (South African Qualification Authority).

### **Programme delivery**

The PGCE consists of a university-based learning (UBL) component and a school-based learning (SBL) component.

The UBL component is presented in the format of learning shops during which students construct a practice theory of and for education. For the purpose of the SBL component, students are placed in two partnership schools with different compositions for 6 weeks each (a total of 12 weeks), during which they engage in education practice while they are supported and assessed by qualified mentor teachers and university mentor lecturers.

## Examinations and pass requirements

### Special examinations

- A third-year student who has failed a maximum of four semester modules or the equivalent thereof, with a final mark of at least 40% in each, may be admitted by the Dean to a special examination in those modules during January of the following year, provided that this will enable the student to comply with all requirements for promotion to the fourth year of study.
- A final-year BEd student requiring a maximum of 4 semester modules or the equivalent thereof to complete his or her degree, with a final mark of 40% in each, may be admitted to a special examination, during January of the following year. If the special examination is conducted before 1 February, a student is not required to register again and the examination is treated as a supplementary examination. If the special examination is conducted on or after 1 February, the student must register again for the module(s) in question and the lecturer may require that a semester mark be obtained in an appropriate manner. In such a case, the result of the examination will not be taken into consideration with a view to the graduation ceremonies in March/April.

### Pass with distinction

The degree is conferred with distinction to a student who obtains an overall weighted average (GPA) of 75% or higher in the BEd programme, with the condition that the degree is completed in the prescribed 4 years.

## Core modules

### Early childhood development studies 130 (JVK 130)

**Module credits** 12.00

**Prerequisites** No prerequisites.

**Contact time** 2 practicals per week, 2 lectures per week

**Language of tuition** Both Afr and Eng

**Academic organisation** Early Childhood Education

**Period of presentation** Semester 1

### Module content

Planning, implementation and evaluation of the Early childhood curriculum to promote learning and development in the early years.

### Arts and culture 120 (JLK 120)

**Module credits** 6.00

**Prerequisites** No prerequisites.

**Contact time** 2 practicals per week

**Language of tuition** Double Medium

**Academic organisation** Humanities Education

**Period of presentation** Semester 2

### Module content

This module assists students to explore various methods of stimulating creativity in the classroom environment. They are familiarised with basic art making skills and processes that can be used in the Foundation Phase. The module allows students to explore their own creative thinking through various art mediums and processes, while being guided through theoretical lectures and practical demonstrations. A practical portfolio is compiled by every student, containing examples of art works and theoretical research. The portfolio serves as a manual for future reference in the classroom.

### Arts and culture 110 (JLK 110)

**Module credits** 6.00

**Prerequisites** No prerequisites.

**Contact time** 2 practicals per week, 2 lectures per week

**Language of tuition** Double Medium

---

**Academic organisation** Humanities Education

**Period of presentation** Semester 1

**Module content**

Students acquire teaching skills to facilitate group music making activities with learners in the foundation phase. Three components are balanced in this programme: basic knowledge (music concepts and theoretical content); music skills (singing, playing instruments, listening, moving, applying music notation and creating); and didactical skills. The value of music in a culturally diverse society is emphasized.

## Curriculum: Year 2

Minimum credits: 170

### Core modules

#### Teaching practice 280 (PRO 280)

<b>Module credits</b>	6.00
<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	3 weeks, attendance only
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Humanities Education
<b>Period of presentation</b>	Quarter 1

#### Module content

This is an official full time module where students experience the professional school environment during the first three weeks of the school year. The main focus is on observation of general classroom practice, school administration, extra - mural activities and to act as responsible citizens of the school environment and students have to prepare a professional portfolio. The module includes an observation assignment as well as a reflection on what they have experienced with the designated teachers. Placements for this module may be in schools outside Pretoria.

#### Life skills programme 220 (JLP 220)

<b>Module credits</b>	12.00
<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	4 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Early Childhood Education
<b>Period of presentation</b>	Semester 2

#### Module content

Life skills is central to the holistic development of learners. It is concerned with the social, personal, intellectual, emotional and physical growth of learners, and with the way in which these are integrated. The module Life skills addresses the personal and social development of the child, as well as a Social studies component which addresses the child as citizen and the relationship between the child and its environment.

#### Education 212 (OPV 212)

<b>Module credits</b>	20.00
<b>Service modules</b>	Faculty of Humanities
<b>Prerequisites</b>	OPV 112 or OPV 122 passed with 40% (GS) in the other module
<b>Contact time</b>	4 lectures per week

---

<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Science, Maths + Techno Ed
<b>Period of presentation</b>	Semester 1

### Module content

Curriculum in the classroom:

This module addresses four components that are directly related to classroom teaching and learning. The first unit deals with the foundations of the curriculum covering the work done by Rousseau, Pestalozzi, Montessori, Gandhi, Steiner, Dewey, Piaget, Vygotsky, Illich, Freire and Lakoff. Unit two discusses curriculum design and development and also focuses on the organisation of knowledge through educational taxonomies. The last two units cover teaching strategies as well as issues related to classroom testing and classroom assessment practices.

## Education 222 (OPV 222)

<b>Module credits</b>	20.00
<b>Service modules</b>	Faculty of Humanities
<b>Prerequisites</b>	OPV 112 or OPV 122 passed with 40% (GS) in the other module
<b>Contact time</b>	4 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Educational Psychology
<b>Period of presentation</b>	Semester 2

### Module content

Supportive learning environments:

Theoretical approaches to learning environments (bio-ecological and asset-based approaches, indigenous knowledge systems, solution-oriented intervention; appreciative inquiry); school-based support in terms of Inclusive Education, whole-school approach, the supportive role of the teacher and the well-being of the child; community-based support in the form of community engagement and community education.

## Literacy practices 200 (JGL 200)

<b>Module credits</b>	24.00
<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	3 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Early Childhood Education
<b>Period of presentation</b>	Year

## Module content

This module introduces the concepts of language and literacies, highlighting the importance of these for learning. Various themes relate to the teaching and learning of the basic communicative skills with a strong focus on children's literature education and writing. The module aims to prepare students with the necessary skills to support young learners in their language development so that they become confident learners and competent communicators in at least two languages.

## Foundation phase mathematics 211 (JGS 211)

<b>Module credits</b>	12.00
<b>Contact time</b>	1 practical per week, 2 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Early Childhood Education
<b>Period of presentation</b>	Semester 1

## Module content

The facilitating and acquisition of foundation phase mathematics pedagogy (grades 1-3).

## Learning support 220 (JLD 220)

<b>Module credits</b>	12.00
<b>Contact time</b>	4 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Early Childhood Education
<b>Period of presentation</b>	Semester 2

## Module content

The purpose of this module is to equip the student with knowledge about inclusion and inclusive education in South Africa. We focus on the causes of learning barriers, skills a teacher needs to support learners with learning barriers, as well as ways to accommodate these learners in the classroom. The causes of barriers to learning are examined and we distinguish between intrinsic and extrinsic factors that can cause learning problems. Multidisciplinary and systemic approaches are introduced. The family as primary educational institution is discussed, as well as the effect of the different parenting styles and child rearing errors on the development and academic progress of the child.

## Health and safety 210 (JGV 210)

<b>Module credits</b>	6.00
<b>Contact time</b>	2 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	School for Teachers Training
<b>Period of presentation</b>	Semester 1

## Module content

The module has a holistic approach to the aspects of health, safety and nutrition of the young child, including knowledge about HIV/Aids. It is a field of knowledge that will equip you with the necessary knowledge, skills, values and attitudes needed to create and promote a safe environment in which the young child can grow and develop. The main focus of this field of knowledge is the Life Orientation Learning area, which forms part of the Life Skills Learning Programme in Early Childhood Development and Education (ECD).

## Foundation phase mathematics 212 (JGS 212)

<b>Module credits</b>	12.00
<b>Contact time</b>	1 practical per week, 2 lectures per week
<b>Language of tuition</b>	Both Afr and Eng
<b>Academic organisation</b>	Early Childhood Education
<b>Period of presentation</b>	Semester 2

## Module content

The purpose of the course is to develop a deeper understanding of critical elements of mathematics, including the natural number system, its properties and the four number operations. The transition to the rational number system is explored with attention to its properties and operations. Number patterns and relationships between numbers are explored to develop greater fluency in mathematics computations. Attention is given to pictorial, verbal, diagrammatic and symbolic representations. The development of major topics, measurement, geometry, statistics and probability are explored with a view to providing insights into teaching and learning. Throughout the course attention is given to problem solving and algebraic reasoning.

The methodology of the course will include hands-on activities which promote confidence and agency in the classroom. While some attention is given to teaching in the Foundation Phase, this outcome is not central to the course.

## Elective modules

### isiNdebele 210 (NDE 210)

<b>Module credits</b>	20.00
<b>Service modules</b>	Faculty of Engineering, Built Environment and Information Technology Faculty of Education
