

University of Pretoria Yearbook 2017

Small stock health 801 (SSH 801)

Qualification	Postgraduate
Faculty	Faculty of Veterinary Science
Module credits	40.00
Programmes	MSc Ruminant Health (Coursework)
Contact time	1 discussion class per week
Language of tuition	Module is presented in English
Academic organisation	Production Animal Studies
Period of presentation	Year

Module content

The module content will be based on advanced theoretical training in small stock health with emphasis on principles of population health and production programmes, animal health economics, monitoring health and production. The module will enable students to integrate and apply knowledge so that health and production problems can be identified and solved on a flock basis and health status and production effectiveness of small stock flock can be raised from a holistic and cost effective viewpoint.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
