Module credits	9.00
NQF Level	09
Contact time	24 Hours
Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

This course focuses on knowing oneself and the impact of one's history or background on business effectiveness in the environment in which the students are or will be working. This course is designed around a road trip undertaken by all students at the end of year one, and provides them with an opportunity to analyse the current dynamics, challenges, social and political nuances and the history of the area they visit. By immersing the students in the culture and history of the places they visit, this experiential approach is designed to illustrate how history shapes peoples' outlook and the way they feel, think and act, enabling them to comprehend what has made South Africa what it is today. The analytic framework is the political economy of business, economic inclusion and connectivity between the South African economy and the region, the continent and the world. Emphasis will be placed on the businesses driving the economic and social dynamics of the locations which are visited.

Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
